My Wife (pronounced like how Borat would) and I love to travel and have recently begun to offer our own cottage to fellow like-minded travellers.

Now that we have our own family, we hope you'll enjoy our cozy cottage as much as we do.

We're very close to beaches, vineyards, and the town of Wellington (great restaurants and bars) but we often just spend the weekend lazing about the quiet and serene 6 acre property, trying to spot rabbits or deer.

Chilling in the hot tub isn't a bad way to spend the day too!

Welcome

**The Drake Devonshire** – Definitely helped put Wellington back on the map. Great food and drink with an upscale atmosphere.

**Flame + Smith** – Top notch cuisine in nearby Bloomfield.

**Bloomfield Public House** – A neighbourhood spot that brings you seasonal market cuisine from our local farmers and bringing good people together.

**Flossie's Food Truck at Carson's Garden & Market** – Great locally made sandwiches just down the road.

**Sugarbush Vineyards** – Great wine across the road from Carson's.

**Domaine Darius** – Upscale Vineyard but well worth the price. Our favourite local wine!
